Additional notes:

- All times are local time. China is +6 hours, US East Coast is -6 hours.
- To accommodate the time difference between on-site and virtual attendants, we start relatively early (local time) and close relatively early (local time) as well. It's not perfect, but as good as it gets.
- Presentations are to be based on participants' written papers (guidelines for writing papers have been sent). Presentations should be 15-20 minutes and will be followed by discussions among all workshop participants. If you want to use slides (no must), please send them through early enough (to kkost@uni-mainz.de and biba@soz.uni-frankfurt.de).
